I don't care what you think.
This is the calm before the storm.
We'll be dead before the sunlight hits your face.
Tomorrow morning you'll reflect on everything you've
ever done.
It's no surprise that these events have finally led to your
demise.
Just look what you've become.

You were right, you said, as you're dying in my arms.
This day, this day has come.
Forgiveness won't save you now.
It's too late to save yourself.

So hold onto your faith, the only thing you've ever
known.
Soon enough, you will learn that everything you knew
was wrong.
I tried to tell you all those things you'd never hear.
So open up your eyes and shut your mouth,
There is nowhere to go from here.
This is the end.

You said this time we all die.
