"When Words Aren't Enough"

I can't breathe from this lump in my throat that you've given me.

Sometimes i wish that i could fall asleep and never wake up

To make this all go away.

But i know i won't, i know it won't.

I don't know what to say.

Everything changed so fast, i can't keep up.

I'm lost in all of those words that could not escape my lips

That would've made you stay.

I can't live with this hole in my chest that won't seem to mend.

It's killing me. every ounce of air i hold in my lungs,

I would give it all to you.

Just to touch your face, to touch your face.

I'll fall asleep tonight and pray that i won't wake, no.

It's not worth living without you.
