Hey pretty mamma'
I just wanna' take you to my hotel
I leave town tomorrow
I know you got a man but I won't tell

Get ready to go
Get ready to go
Get ready to go
Get ready to go, go, yeah

Hey sexy come with me
Your lookin' so fine,
Yeah your lookin' so sweet
Beautiful body,
Sexy ass eyes
Lookin' good from head to toe,
I wanna' make you mine
Take you places that you never seen
Do some things you can only do with me
We can cruise on the beach,
In the Mercades
I see them other girls, but I want you my lady
Yeah, my number one
Hottest little thing underneath the sun
It feels like forever, but we just begun
Ain't lookin' for relations, naw I'm lookin' for fun
So hey, if you wanna' get with me,
Holla' at me, I ain't even trippin'
Yeah, I don't care who you are
Get ready to go, 'cause imma' superstar

Hey pretty mamma'
I just wanna' take you to my hotel
I leave town tomorrow
I know you got a man but I won't tell

Get ready to go
Get ready to go
Get ready to go
Get ready to go, go, yeah

Hey little mamma',

Come and kick it with the star
You lookin' so good with swag so raw
You caught my eye when I saw you from a far
And is that your man, he lame, hell naw
You deserve better, yeah girl I bet you
You deserve better, girl come I'll let you
Hop in the Lac with me in the back
How would it feel to be Mrs. Mac
Damn, don't it got a nice ring to it
And if you down then we can do it
Leave your other nigga',
He dumb, he foolish
Likin' on this, so I had to come and swoop you up
I build you up,
I bring you home 'cause you know what's up
Girl I got yo back, 'cause you got mine
Damn pretty mamma', you one of a kind

Hey pretty mamma'
I just wanna' take you to my hotel
I leave town tomorrow
I know you got a man but I won't tell

Get ready to go
Get ready to go
Get ready to go
Get ready to go, go, yeah

Get ready to go
Keep this on the low
Get ready to go
Keep this on the low
Get ready to go

Get ready to go

Get ready to go
