Speak to me  
So I can understand your tongue  
You seem rather fragile  
It's been said  
It's cold beyond the sun  
Have you ever been there?

Communicating thoughts of ways  
To never have to speak again  
Let me be the fire in your head

Bring what's yours, I'll take what's mine  
And meet you on the other side  
We'll leave a sign so anyone can find us  
A better place, a sweeter time  
We won't need any wings to fly  
A place beyond the sun

Look for me  
The way you would if you were blind  
Don't be so resistant  
I've been known  
To travel much too fast

Is that you in the distance?

Communicating thoughts of ways  
To never have to speak again  
Let me be the fire in your head

Bring what's yours, I'll take what's mine  
And meet you on the other side  
We'll leave a sign so anyone can find us  
A better place, a sweeter time  
We won't need any wings to fly  
A place beyond the sun

Communicating thoughts of ways

To never have to speak again  
Let me be the fire in your head

Bring what's yours, I'll take what's mine  
And meet you on the other side  
We'll leave a sign so anyone can find us  
A better place, a sweeter time  
We won't need any wings to fly  
A place beyond the sun
