Take it and take it and take it and take it and take it all
Take it and take it and take it until you take us all
Smash it and crash it and thrash it and trash it
They're only toys

Try it, you'll like it, don't hide it, don't fight it, just let it
out
Steal and shoot it and kill it or take another route
Take it and take it and take it
You know they're only toys

Devour, devour
Suffocate your own empire
Devour, devour
It's your final hour

Devour, devour
Stolen like a foreign soul
Devour, devour
What a way to go

You want it, you want it, you want it, you want it
Well, here it is, everything, everything, everything
Isn't so primitive
Take it and take it and take it and take it and take it all

Nobody, nobody wants to feel like this
Nobody, nobody wants to live like this
Nobody, nobody wants a war like this

Devour, devour
Suffocate your own empire
Devour, devour
It's your final hour

Devour, devour
Stolen like a foreign soul
Devour, devour
What a way to go
What a way to go

Diving down

Round and round
Diving down
Round and round

Devour, devour
Suffocate your own empire
Devour, devour
It's your final hour

Devour, devour
Stolen like a foreign soul
Devour, devour
What a way to go

Devour, devour
Suffocate your own empire
Devour, devour
It's your final hour

Devour, devour
Stolen like a foreign soul
Devour, devour
What a way to go
What a way to go
