[Verse 1:]

If I could find assurance to leave you behind  
I know my better half would fade  
And all my doubt is a staircase for you  
Opened out of this space  
The first step is the one you believe in  
The second one might be profound.

[Chorus:]

I'll follow you down through the eye of the storm  
Don't worry I'll keep you warm.  
I'll follow you down while we're passing through space  
I don't care if we fall from grace  
I'll follow you down

[Verse 2:]

You can have the money and the world  
The angels and the pearls  
Even trademark the color blue  
Just like the tower we never built  
In the shadow of all the guilt  
When the other hand was pointed at you  
Yeah the first step is the one you believe in  
The second one might be profound.

[Chorus:]

I'll follow you down, through the eye of the storm  
Don't worry I'll keep you warm.  
I'll follow you down, while we're passing through space  
I don't care if we fall from grace  
I'll follow you down to wherever forever lies  
Without a doubt am on your side  
There's nowhere else that I would rather be  
Am not about to comprise, give you up to say goodbye  
I'll guide you through the deep I'll keep you close to  
me!

[Chorus]

I'll follow you down through the eye of the storm  
Don't worry I'll keep you warm.  
I'll follow you down while we're passing through space  
I don't care if we fall from grace

I'll follow you...

If I could find assurance to leave you behind  
I know my better half would fade  
I'll follow you down.
