Should I offer up my hand  
And save a wish for once for all of us  
And should I offer up my hand  
And lay the guilt on myself  
So it's easier to not stay, to not stay

Because I found you in your corner  
I pulled you out of the clouds  
You left in such a hurry  
Your face is lost in the crowd

Should I open up my eye's  
Or just ignore who you are  
And what you could have been  
And should I open up my eye's  
And make believe you will change  
So it's easier to not stay, to not stay

Because I found you in your corner  
I pulled you out of the clouds  
You left in such a hurry  
Your face is lost in the crowd

Because I found you in your corner  
I pulled you out of the clouds  
You left in such a hurry  
Your face is lost in the crowd

Because I found you in your corner  
I pulled you out of the clouds  
You left in such a hurry  
Your face is lost in the crowd

Your face is lost in the crowd  
Your face is lost in the crowd
