My name is worthless like you told me I once was
My name is empty 'cause you drained away the love
My name is searching since you stole my only soul
My name is hatred, I know reasons we both know

Worthless, empty, searching, hatred
Who am I right now?

You're fuckin' wearing me out!
You're always dragging me down!
You're the fake fallen force of nature's sick mind!
I don't need a gun to take back what's mine
It's over
It's over now
You're done wearing me out

My name is screaming like the sound of your heart
failing
My name is loco like the motive that betrayed me
Screaming, loco, don't say you know who I am right
now

You're fuckin' wearing me out!
You're always dragging me down!
You're the fake fallen force of nature's sick mind!
I don't need a gun to take back what's mine
It's over
It's over now
You're done wearing me out

You're wearing me out
You're wearing me out
You're wearing me out

You're wearing me out
You're wearing me out
You're wearing me out

You'll be ancient history
But who am I right now?

My name is revenge and I'm here to save my name

You're fuckin' wearing me out!
You're always dragging me down!
You're the fake fallen force of nature's sick mind!
I don't need a gun to take back what's mine
(You're fuckin' wearin' me out)
It's over
(You're always draggin' me down)
It's over
It's over

You're the fake fallen force of nature's sick mind!
I don't need a gun to take back what's mine
It's over
It's over now
You're done wearing me out!
