Hold me down
And faze this out of me
This constant emotion
That I can never seem to release

And can I borrow your soul
If I loan you my mind
And can I use your thoughts
So I can replace mine

So much for feeling insecure
You know
I cannot continue to ignore my feelings
So I'll start over once more

Call me out
And show me a different view
This perfect example
Of how I wish I was more like you

And can I borrow your soul
If I loan you my mind
And can I use your thoughts
So I can replace mine

So much for feeling insecure
You know
I cannot continue to ignore my feelings
So I'll start over once more

Staring down a brand new day
Everything is still the same
The mirror hasn't changed my face
And I know the world will pass by
If I always complain 'cause I never tried

So much for feeling insecure
You know
I cannot continue to ignore my feelings
So I'll start over once more

Once more

So much for feeling insecure
You know
I cannot continue to ignore my feelings
So I'll start over
