### **"City Streets"**

Visit "[City Streets](#)" on [MotoLyrics.com](https://MotoLyrics.com)

The only school that I've ever known  
Are these streets where I lived and roamed  
This is where it all began  
Where that kid became a man  
A stronger man!

These city streets I call my home  
They made me strong, learn to stand alone  
These city streets I live to stay  
made me the man who I am today

I lived hard, I lived fast  
I did my time can't get that back  
But that lesson was worth the fall  
I learned to give back and rise above it all  
So I stand tall!

We stood hard, we always held our own  
We stood strong, it's all we've ever known  
Streetwise is what you had to be  
Just to survive on these city streets
