Time has come now, can do anything
Gonna show you how I really am
Time has come now, can say anything
gonna show you what I?m gonna plan.

In the end when it?s all said and done
I?ll be around, probably the only one
In the end when it?s said and done
Gonna have my Time.

Time has time now - Can try anything
Gonna show you how I really am
Time has come now - Can be anything
Gonna show you what I?m gonna plan.

It?s time
My time
Our time
For everyone to know
