Visit "[Victim in Pain](#)" on motolyrics.com

people say that i'm insane a victim of society just in
pain society's rules
has made me cruel i'm just the opposite, ain't no fool
the way i act or way
i dress doesn't make me strong or make me best soon
they'll find my reasons
why i'm open minded and not blind but why am i going
insane why am i the one

to blame open your eyes, don't tell me lies i'll be the
one to live and rise
i'll think for myself and i'm sure to find that society's
rules won't change
my mind
