All around the country coast to coast
People ask me what do i like most
I don't want to brag, I don't want to boast
I just tell em I like toast
Yeah Toast!

When the first man came from Bregg.
Didn't know what to do with the bacon and the egg
Went to the store bought a loaf of bread
Plugged in the toaster
Popped int he bread
Make Toast
Toast
Maricea didn't have enough power
To make it up the eiffle tow
French Toast!!

Yeah Toast

Toast
