"Submit To Self-Destruction"

Visit "[Submit To Self-Destruction](#)" on MotoLyrics.com

Cruel punishment of self-destruction, a way of letting
him in
Burning flesh, repenting sins of past
A hope of future bliss but my soul is doomed to slavery
My wounds can not be counted in numbers -
all everything for his glory!
A solid trip with a dark desire
to deprave the (remaining) chastity of my haunted soul
Pale, hungry i wait for his command...
Bitter is the journey to hell - for i must bow before the
fires of hell
A child of the dark, a hunter, with a blessing of evil,
That is a curse with which i wander - hand in hand
This is a leason in demonic possession
Possession of evil - possession of my lovely end...
