Time to put the earphones onÂ...  
No!

La la la la  
La la la la  
Laaaaaaa  
La la la la

(Born to multiply) Born to multiply  
Born to gaze into night skies  
When all you wantÂ's one more Saturday  
Well look here until then  
They gonna buy your life's time  
So keep your wick in the air and your feet in the fetters  
'Till the day we come in doing cartwheels  
We all crawl out by ourselves  
And your shape on the dance floor  
Will have me thinking such filth I'll gouge my eyes

YouÂ'd be damned to be one of us girl  
Faced with a dodoÂ's conundrum  
I felt like I could just fly  
But nothing happend every time I tried

Wooo, ooooh!

A duotone on the wall  
The selfless fool who hoped heÂ'd save us all  
Never dreamt of such sterile hands  
You keep them folded in your lap  
Or raise them up to beg for scraps  
You know he's holding you down  
With the tips of his fingers just the same

Will you be pulled from the ocean  
But just a minute too late  
Or changed by a potion  
And find a handsome young mate for you to love

You'll be damned to pining through the windowpanes  
you know  
You'd trade your life for any ordinary Joe's

Well do it now or grow old cause  
Your nightmares only need a year or two to unfold

Been alone since you were twenty-one  
You haven't laughed since January  
You try and make like this is so much fun  
But we know it to be quite contrary

La la la la la la la

Dare to be one of us girl  
Faced with the android's conundrum  
I felt like I should just cry  
But nothing happens every time I take one on the chin  
Yeah Himmler in your coat you don't know how long I've  
been  
Watching the lantern dim starved of oxygen  
So give me your hand and let's jump out the window
