Well this is just a simple song to say what you done  
I told you about others fears and the way they didn't  
run

The show must be start,  
and you feel like an ocean in... warmed by the sun  
When I was just nine years old  
I swear that I dreamed  
Your face on a football field and I kissed the...  
Under my vest, apart from everything,... the heart in  
my chest

Chorus:

I know that things can really get rough when you go in  
love  
Don't go thinking you gotta be tough, complete like a  
stone  
Could be that's nothing else in our lives so critical  
As this little hope!

My life in an... boat,... on a cliff  
You brought me a... and you give me a lift  
... you tell me... and your breath is in the lungs...

Chorus:

I know that things can really get rough when you go in  
love  
Don't go thinking you gotta be tough, complete like a  
stone  
Could be that's nothing else in our lives so critical  
As this little hope!

Will this be a simple song to say what you've done  
I told you about others' years and the way they...  
The show must be start,  
and you feel like an ocean in... warmed by the sun

... walking the miles to your house... in the dark  
I made a... play for your heart... the spark  
You were a charm in a chain that I stole specially for  
you  
Love is such a delicate thing that we do, we're nothing

to prove  
Wish I ever knew!
