Happy valentines day everyone well this song  
Is my little letter to cupid  
If u wanna go with me  
I got the lyrics on my page  
So check that out  
Let's go with this  
Listen

[Verse 1:]

February of 14 I was lonely on this day  
Guess Cupid never got my letter so yet I still pray  
Each and everyday of my life hoping that she would  
stay  
But on this day I found out she went on her separate  
way  
Things I thought were wrong I found out it was true  
I messed up again thinking that it was just me and you  
Alone on this date and it was just like last year  
Same time, same rhyme, and baby you aint here!  
YO!  
Dear cupid where ever you may be  
Please point your bow and arrow shoot one at me  
I need to fall in love again  
Someone that would not pretend  
Someone more than just a friend  
Cupid break me free!  
Yeh  
Time is runnin out I need one to be mine  
Cause 14th of February I'm gone need a valentine  
Apart from that I'm gone need someone to sign  
Sign my heart with love cause I'm running out of rhyme  
Running out of rhyme

[Chorus:]

And even if the sun refused to shine  
Even if romance ran out of rhyme,  
You would still have my heart until the end of time  
You're all I need, my love, my valentine

Cupid, please, would you just hear me now? (Yeah)  
I just need this girl back in my life  
Somehow.

Cause it just don't feel right  
Without her presence by my side  
And I cant, live without  
Her in my life

Cause I know that  
She's the one  
And even though  
It's said and done,  
She's the girl I still pursue,  
And I know this much is true!  
So Cupid, I pray. Please bring her back on this day.  
And this time, try to make her staaaayy y!

Even if the sun refused to shine  
Even if romance ran out of rhyme,  
You would still have my heart until the end of time  
You're all I need, my love, my valentine

[Verse 2:]

Please! Listen!

Just one time, I still need my one and only baby  
And lately I've been messed thinking bout this lady  
Cupid bein shady!

I've been goin crazy!

Listen, it's my vision to complete this mission  
In transition, baby make me part of your decision  
And I'll promise everything that youve envisioned  
You plus me, no lie, no division

I still pursue you til this day baby with great  
Precision

Just please! Cupid,

Shoot her a thousand arrows

Struck her with all your might with each and every  
arrow

Make her realize, please open up her eyes

From all these stupid lies, from all these stupid guys

I hope she sees the truth and I hope she does believe

That through all of these songs I made

That She still the one I need

Too bad, it's too late, this message never got in time

Cause

14 of February she aint even my

Valentine damn

[Chorus:]

And even if the sun refused to shine

Even if romance ran out of rhyme,

You would still have my heart until the end of time

You're all I need, my love, my valentine

[Bridge:]

I need a valentine

Someone who I could actually call my own

It's been awhile since I first saw my love

It's been awhile since I first saw my love

[Chorus:]

And even if the sun refused to shine

Even if romance ran out of rhyme,

You would still have my heart until the end of time

You're all I need, my love, my valentine

My valentine

You're all I need, my love, my valentine
