Thank God, life's uncertain
Thank God we get so scared
We can't see behind this curtain
So this world seems so unfair

Look, imagine life some other way
Picture-perfect every day
Indoor weather makes this blue sky stay
So they say, "Vacation in Eden, but bring an apple a
day
Bring an apple a day"

This climb makes us stumble
Ten million ways to fall
Our childish faith will crumble
So this world will break us all

But imagine life the other way
A cozy fishbowl on display
With no chance that we might drift astray
So they say, "Vacation in Eden, bring an apple a day

When you get there life is easy
Winning every game you play

But every day is just the same
Nothing lost and nothing gained
Same old re-run on some child-proof stage
So they say, "Vacation in Eden, bring an apple a day
Bring an apple a day"

In the land of childish wonder
Climb the fence and run away
It's pretty to visit, but it's hell to stay
Vacation in Eden, bring an apple a day
Bring an apple a day
Bring an apple a day
Bring an apple a day

Do you wanna bring an apple everyday?
Bring an apple a day
It's pretty to visit, but it's hell to stay
