Captain Wanker hits the gas he's driving like his head's
on fire

Captain Wanker swerves to pass shouting over
squealing tires

Captain Wanker always gets annoyed
That the drones on the freeway have to be destroyed
Blasting 'em into the void makes him feel overjoyed

Captain Wanker scans the crowd and calculates a quick
way through

Captain Wanker thinks out loud like all super heroes do
Captain Wanker is so debonair

Cutting through a crowd of people like he just don't
care

He ducks into a nearby phone booth and he just stays
in there

A skintight suit, try to hide it
A skintight suit, stuck inside it
A skintight suit under his clothes
His pride will hide the side that no one knows

Captain Wanker grunts and groans as if he wanted
someone to help
Captain Wanker makes it known, he has to save the
world himself
Captain Wanker always feels afraid
That if he trusted anybody he could be betrayed
Workers all get overpaid, and help never makes the
grade

A skintight suit, try to hide it
A skintight suit, stuck inside it
A skintight suit under his clothes
His pride will hide the side that no one knows

Captain Wanker V.I.P., a better man than all of the rest
Captain Wanker stands for me, the W is on my chest
Captain Wanker is my shadow side
And he'll fight for justice and a sense of pride
Shoving everybody else aside, he will not be denied

A skintight suit, a jelly belly
A skintight suit, it's gettin' smelly
A skintight suit under his clothes
His pride will hide the side that no one knows
