Go easy on those eyes
I'm about to lose my grip
Go easy on that smile
I'm afraid that I might slip
Lay off on that calling
and tempting me to try
'cuz I'm so scared of falling
I'll never learn to fly
Then you say,
Touch me you can reach me
Ah, you can make me want to fly
You make it seem so easy
Catch me if I try
Tempting me to step off of the edge of reason
I thought that I knew better than to start believing
In Love, Love, Love
And if I read you right
We just might want to dance all night
And I have risked a fall before
But not from this height
When you say
Touch me you can reach me
Ah you can make me want to fly
You make it seem so easy
Catch me if I try
And when I try...
It's only falling
Just what could be the fear
You'll never learn to fly
Unless you take that first step
Way out where your heart
Will be your only guide
Let up on your worrying
Let up on your heart
When you say
Touch me you can reach me
Ah, you can make me want to fly
You make it seem so easy
Catch me if I try
And you say
Touch me you can reach me
And you say

Touch me you can reach me
And you say
Touch me you can teach me, teach me
How to fly
