Fearless love, fearless love  
Fearless love makes you cross the border

At your church they asked for volunteers  
To make a presence in the park  
That's where the wicked planned to demonstrate  
And carry signs to set a spark  
Someone behind you heaved a stone  
That struck the thin man behind his ear  
So now there's blood upon his sign  
Which read "There's nothing here to fear"  
"The wrath of god," somebody yelled  
"Will punish all of those like him"  
But if you travel back 2000 years  
I swear you'd hear this all again

Back then they'd say  
"These soldiers walk on sacred ground  
This land's our history and our home  
They have no right to be around  
They are the evil force of Rome  
So just how strong this change of heart must be  
That one that Jesus once described  
Kindness to your enemy  
Carry his pack an extra mile

Chorus:  
When fearless love, fearless love  
Fearless love makes you cross the border

Your mind snaps back to where you stand  
Your church is here to fight a cause  
And at your feet a fallen man  
Whose head is cradled in his arms  
Though his blood contains his death  
And though the lines are drawn in hate  
You drop your sign of Bible verse  
And help the wounded stand up straight

Chorus Oh yes the high religious still will scorn  
Just like that did all that time back  
They'll say you helped the other side  
They saw you haul that soldier's pack  
But now how could you carry that man's sign  
In your heart the choice was clear  
You didn't join the other side  
The battle lines just disappeared

Chorus
