Let me apologize in advance  
For the way my friend behaves  
He'll pick a fight and take a holy stance  
He's so proud that he's so saved

I hope you don't judge Jesus  
By the things my friend will say  
He holds a Bible like a dagger  
And he twists it just that way

He just loves conversation  
Like a cat loves a bird  
I guess he's always been a good man  
In the worst sense of the word

The good knights went out to save the day  
In the age of the crusades  
A sharp sword on a tortured soul  
They were sure the point was made

Any tool can be a weapon  
If it's used with that intent  
The devil's great at quoting scripture  
And confusing what it meant

He just loves conversation  
Like a cat loves a bird  
I guess he's always been a good man  
In the worst sense of the word

They 'jacked a plane to make a sneak attack  
They were trained to die in flames  
Their last words were to God above  
Just to praise His holy name

For all the terror and destruction  
They felt no sense of shame  
You gotta wonder why religion  
Can make people so insane

He just loves conversation  
Like a cat loves a bird

I guess he's always been a good man  
In the worst sense of the word
