My daddy worked construction  
My brother too  
He got me in the union  
I'm payin' my dues

Oh but the woman I love  
Has expensive taste  
She's never satisfied  
The latest things  
A diamond ring  
A car with an ultra-glide

I work so hard  
Payin' for all that stuff  
Eight shifts a week  
It's never enough

I'm layin' pipe all night long  
Layin' pipe  
I'm workin' so hard  
I'm layin' pipe  
All night long  
Layin' pipe  
To satisfy that woman

I don't mind working  
If the money's okay  
I take the night shift  
I sleep all day

Dust and mud is in my blood  
Underground cable in my way  
I punch a clock and start my rig  
Don't know how deep I might have to dig

I wish I had a million dollars  
To buy her everything she needs  
She'd only come back for more and more and more  
and more and more and more and more  
I'm layin' pipe  
All night long  
Layin' pipe

I'm working so hard  
I'm layin' pipe  
All night long  
Layin' pipe  
To satisfy that woman

I put the pipe in  
I pull it out again  
My back is so sore  
I can't work much more  
I can't get my traction  
The ground's too wet  
I take a ten minute break  
Ah smoke a cigarette  
I don't mind the night shift  
The cool breeze when the sun goes down  
Winter time the ground is hard  
Take twice as long to drill down

I'm layin' pipe  
All night long  
Layin' pipe  
I'm working so hard  
I'm layin' pipe  
All night long  
Layin' pipe  
To satisfy that woman
