.....

I've got nothing to say. You've been leaving all day.  
Now it's time that you go, and let me cry.  
You've got somewhere to be;  
you're still waiting on me,  
but there's no reason to say good-bye.  
Leaves fall as the trees give up the view,  
and lies will fall away, leaving you.

So don't keep waiting around  
for some words to be found  
saying "Everything's fair in love, and war"  
The truth has changed how I see.  
Now you look different to me:  
you are not who I loved before.  
I dreamed it was true, what I saw in you,  
'cause that's what a dreamer does  
but the love that I dreamed is not what it seemed,  
I guess that it never was  
So I will say my good-byes, but not to your eyes,  
for the one that I loved is gone, somehow  
for without all the lies, without that disguise,  
you're just a stranger now.
