You're sweet, like a honey bee  
But like a honey bee sting  
You've gone and left my heart in pain  
And all that's left is our favorite song  
The one we used to dance to all night long  
It used to bring sweet memories  
Of a tender love that used to be

Now it's the same old song  
But with a different meaning  
Since you been gone  
The same old song  
But with a different meaning  
Since you been gone

I, oh I, sentimental fool am I  
To hear our old love song and wanna cry  
But the melody keeps haunting me  
Reminding me how in love we used to be  
And I'm hearing the part that used to touch  
Our hearts together forever

Now it's the same old song  
But with a different meaning  
Since you been gone  
The same old song  
But with a different meaning  
Since you been gone, yeah

Same song, different meaning  
Same song, different meaning

Precious memories keep lingering on  
Every time I hear our favorite song  
But now you've gone, left this emptiness  
I only reminisce about the happiness  
When we used to dance to the music  
Make romance to this music

Now it's the same old song  
But with a different meaning

Since you been gone  
The same old song  
But with a different meaning  
Since you been gone

I can't bear to hear the same old song  
But with a different meaning  
Since you been gone  
The same old song  
But with a different meaning  
Since you been gone, gone away
