With this tattoo you make a promise  
Of who you are and what you think  
And this will be your binding contract  
Written down in blood and ink

She had a life to live  
The day she left home  
She vowed no surrender  
No company drone

She wrote it down in crimson  
She wrote it down in black  
She wrote it down so deep  
She's never gonna take it back

Make your clear and solemn vow  
Before the age of compromise  
Write it here and write it now  
Always right before your eyes

This tattoo  
This tattoo will hold your vision  
Always looking back at you  
This tattoo, this tattoo, this tattoo

It isn't on the surface  
Doesn't need to be  
She wrote it down so deep  
Only she can see

She doesn't have to show it  
It didn't made for show  
She spells it out in action  
It's written on her soul

Make your clear and solemn vow  
Before the age of compromise  
Write it here and write it now  
Always right before your eyes

This tattoo  
This tattoo will hold your vision

Always looking back at you  
This tattoo, this tattoo, this tattoo
