[Intro:]

Woooahh

You can turn away from me, from me, from meeeeeee

Woooahh

Ayyyyyy...

[Chorus:]

You can hide your eyes from me

But the truth is so clear to see

You can hide your eyes from me

I'm waiting patiently

I know our love can set you free

From all the pain you're feeling

And if we were meant to be

I promise we'll get through it

[Verse 1:]

Baby it's now or never

We can do this together

No matter the weather

I know that we can make it if we try to stay together

Better now than never

Me and you forever

I know that we can make it if we try

And we can fly so high

Til we can touch the sky

When you're in love there's no reason to cry

For your love I'm willing to tryyyyyyyy

[Chorus:]

You can hide your eyes from me

But the truth is so clear to see

You can hide your eyes from me

I'm waiting patiently

I know our love can set you free

From all the pain you're feeling (all the pain you're feeling)

And if we were meant to be

I promise we'll get through it

[Verse 2:]

Hey

Just let me be your lover
No need for no other
Closer than a brother
You know that I'll be there for you, no lie
Things will get better
Making all a that chatter
Writing you love letters
Cause baby you're always on my mind
And we could fly so high
That our love could touch the sky
When I'm with you I feel so alive
You will always be my choice (oh yeeaaaah)

[Chorus:]

You can hide your eyes from me
But the truth is so clear to see (I knooow)
You can hide your eyes from me
I'm waiting patiently
I know our love can set you free
From all the pain you're feeling
And if we were meant to be
I promise we'll get through it

[Verse 3:]

I know that we were meant to be
Together forever
From now until eternity (oh yeeaah)
And only my love can set you free
If you believe in me
There's no need for you to be
Hiding your eyes from meeeeeee

[Chorus:]

You can hide your eyes from me (oh yeah)
But the truth is so clear to see (so clear to see)
You can hide your eyes from me
I'm waiting patiently (cherish love)
I know our love can set you
Free from all the pain you're feeling (all the pain you're
feeling)
And if we were meant to be
I promise we'll get through it (we'll get through this
babe)

[Outro:]

You can hide your eyes from me (just believe in me)
Oh just believe in me
You can hide your eyes from me (we'll get through)
I'm here for you baby
I know our love can set you free (oooh I'm here for you
baby)

I'm here for you babyyyyyyyyyyyyyyyyyyyyyyyyyyy
We'll get through it
My baby blue... ooh... ohhh... ohhh
