Find me here  
Speak to me  
I want to feel you  
I need to hear you  
You are the light  
That is leading me to the place where i find peace  
again  
You are the strength that keeps me walking  
You are the hope that keeps me trusting  
You are the life to my soul  
You are my purpose  
You are everything  
And how can i stand here with you and not be moved  
by you  
Would you tell me how could it be any better than this  
You calm the storms  
You give me rest  
You hold me in your hands  
You won't let me fall  
You steal my heart and you take my breath away  
Would you take me in  
Would you take me deeper now

(2x) And how can i stand here with you and not be  
moved by you  
Would you tell me how could it be any better than this

(4x) 'cause you're all i want  
You are all i need  
You are everything, everything

(3x) And how can i stand here with you and not be  
moved by you  
Would you tell me how could it be any better than this
