Executive excess yes, yes, yes
It's a model of success and
Nothing for your efforts yes and
This impresses even less and then

When you find yourself
In the wrong company
You must remind yourself
Who you'd like to be
x2

Who you'd like to be like
Who would you like to be like
How we'd like to be
Or how we like to be

Who you'd like to be like
Who would you like to be like
How we like to be liked
Oh how we like to be alive

OK OK OK
Who do you feel like
x3

I am a criminal
I try to live beyond my means and
I am a number these days
It's good for security and I forgot my name

When you find yourself
In the wrong company
You must remind yourself
Who you'd like to be
x2

Who you'd like to be like
Who would you like to be like
How we'd like to be
Or how we like to be

Who you'd like to be like

Who would you like to be like
How we like to be liked
Oh how we like to be alive

OK OK OK
Who do you feel like
x3

Who do you feel like
Who do you feel like
x4

OK OK OK
Who do you feel like
x3

Who do you feel like
x4

OK OK OK OK OK OK OK OK
