Featuring Diamone

[Intro: Sho Baraka]

Yeah, in the beginning everything was good  
Like You are Yeshua  
Nothing could restrain us from walking with our Maker  
Then we decided to be gods and now we're so  
dangerous  
A creation that was once perfect is now ill  
Our eyes are never satisfied, be fulfilled  
Our appetites seek destruction, rebuild  
Our hands are swift to kill, You heal

[Hook: Sho Baraka]

Yeah I know who I am but who is He?  
So it seems He's the Sovereign King  
I'm the prodigal on his way home  
I'm the prostitute who should've been stoned  
Next to You on the cross is a thief  
It is me, it is me  
I believe but help my unbelief  
I believe but help my unbelief

[Verse 1: Sho Baraka]

Despite the corruption, You make beauty in the  
madness  
Every morning Your composition paints a beautiful  
canvas  
Thy words are an author and an architect  
There isn't good in this world You haven't offered yet  
We get the Savior from a prostitute's offspring  
This shows that there's grace in Your offering  
I am Adam and Eve I have tasted deceit  
Now I cover up my greed in some 100 dollar leaves  
I'm a sinner, I'm forgiven, He's risen I'm so down  
I'm adopted but His child He's humble I'm so proud  
I'm filthy but so clean, guilty but so free  
I walk the narrow road but I'm livin' on my knees  
He's easy to understand but quite complex  
I'm already at His throne but not quite yet  
He's cleanin' my heart but I still got mess

I'm runnin' this good race but I still got rest

[Hook: Sho Baraka]

Yeah I know who I am but who is He?  
So it seems He's the Sovereign King  
I'm the prodigal on his way home  
I'm the prostitute who should've been stoned  
Next to You on the cross is a thief  
It is me, it is me  
I believe but help my unbelief  
I believe but help my unbelief

[Verse 2: Sho Baraka]

You're the passover and Priest, Prophet and Sovereign  
King  
New song that we sing the Shepherd and Prince of  
Peace  
You're the Lord over the galaxies, powers and  
principalities  
Head of the family, Savior of all humanity  
Perfect Innocent Martyr, Bread and Livin' Water  
True image of the father, Lamb led to slaughter  
In Genesis we were severed driven from Your presence  
In Revelations we'll be baskin' in Your glory and  
essence  
In the beginning light came from the sun and moon  
In the new heavens and earth, You're the light that  
consumes  
In the beginning we are promised a lot of pain and fear  
In the end You will wipe away every single tear  
In the beginning it is promised we all shall die  
In the end there's no death and the dead shall rise  
In the beginning it is clear creation was duped  
In the end You promise You'll make all things new

[Hook: Sho Baraka]

Yeah I know who I am but who is He?  
So it seems He's the Sovereign King  
I'm the prodigal on his way home  
I'm the prostitute who should've been stoned  
Next to You on the cross is a thief  
It is me, it is me  
I believe but help my unbelief  
I believe but help my unbelief

[Outro: Diamone]

Help me believe You are who You say You are  
You are who You say You are  
Oh I love You, oh I love You  
Holy father, perfect offering  
Living water

How I love You, how I love You  
You are who You say You are  
Holy father, perfect offering  
Living water
