(Feat. Jr)

Yeah girl you so special, you make a brotha wanna sing. Ya know what I mean? What you mean I can't sing? This is a little love song for all my gentlemen, classy ladies. If you a player out there sit your tail down somewhere and grow up.

We can be more lady we can be more. We can be more lady we can be more.

Yeah, you stepped in, God healed my heartache. And this is way past lust no prom date. And we can be a sweet aroma, (?) And they can call us outcasts, Andre. Told my boys, yeah, catch me I'm fallin. You're on my team even when I ain't ballin. You were patient with your boy in the worst case. I was like 9/11, the worst date. You've been runnin through my mind, first place. Those other girls day week like Thursday. This is gentleman's music, boys to men. I'm down with (?) like born again. We joined Him body and soul, heart and mind, money and time. If she's chocolate, I'm vanilla or your butterscotch cream she's the only one for you she should make you wanna sing.

Girl you know I love you so much. This is more than lust. You and I could be us. You see girl, I know we're just friends, but we can be more lady we can be more.

Yeah, we can be more lady we can be more.

You got me feelin like a sixth grader that's fo sho. Do you wanna be my wife check yes or no. It's hard to stay pure in this dirty world. Everybody wants them a little dirty girl. (?). They lookin for the shells when they have a pearl. You can be Coretta, I can be your king. We can get together, we can have a dream. I can be the rev, you can be Justine. We can walk this way or we can run as a team. And you ain't gotta wonder in your mind, God's on our side, see the ribbon in the sky. Now tell them jokers bye bye. You found real love, Mary J. Blige. If you know love is more than a ring, grab your lady by the hand this'll make you wanna sing.

Girl, you know I love you so much. This is more than lust. You and I can be us. Yeah, see, girl, I know we're just friends, but we can be more lady we can be more.

Yeah, we can be more lady we can be more.

Yeah, a life long fight, that's what marriage is. Make

love, not war like a terrorist. My playboy past is so
embarassin, but your love got me goin crazy, call the
therapist. Yeah, girl you know it's a problem when you
got me feelin line from the Song of Solomon. Yeah, you
gotta classy appeal, but you're also so fine I just gotta
keep it real. I know beauty is a lie, peacocks may try,
but they don't know you fly. Yeah, now go ahead and
touch the sky. And bring my heart back when it's time
to swing by.

Clap. You make a brotha wanna sing. Step. You make a
brotha wanna sing. We can be more lady we can be
more. We can be more lady we can be more. Yeah, now
look that lady in the eye. Yeah, now look that lady in the
eye and tell her, we can be more lady we can be more.
We can be more lady we can be more
