Little Gothic
Won't you make me cum inside
Fishnet stockings and that
Cross around your neck
I think mother wouldn't like
What Mary knew
And she did
Little Gothic
Gonna put mu spell on you

Moonlight upon your face
Wolfsbane pear in your eyes
Your secret's safe amongst the dead
Little Gothic
Won't you kindly get undressed
I've got the toys
That'll make that velvet drip
I think Mary wouldn't like
What Jesus knew
And he did
Little Gothic
Gonna put my spell om you

Moonlight upon your face
Wolfsbane pear in your eyes
Your secret's safe amongst the dead
Moonlight upon your face
Wolfsbane pear in your eyes
Your secret's safe amongst the dead

In darkness I will come again
To hold you once again
To kiss your wicked smile

Sex on bloodstained lips
Lifeless doll eyes twitch

Moonlight upon your face
Wolfsbane pear in your eyes
Your secret's safe amongst the dead (x2)
