Beneath the willow tree  
She beckons me  
DEep inside  
An autumn's chill  
Witches spell  
By candlelight  
Legends cry

Stare into my eyes forever  
Let me take you in my arms  
Dance with me out in the garden  
Where tomorrow never comes  
Follow me into the darkness  
Where the nightmares never fade  
Whisper dreams my fallen angel  
From which you will never wake

Please stay

So sad the ghost behind  
Her precious smile  
So sad her haunted head  
Blood covers time  
On and on it goes  
The Devils play  
Drift away

Stare into my eyes forever  
Let me take you in my arms  
Dance with me out in the garden  
Where tomorrow never comes  
Follow me into the darkness  
Where the nightmares never fade  
Whisper dreams my fallen angel  
From which you will never wake

Alone  
She's alone again  
Scarlet rain  
Alone  
She's alone again  
Roses fade

Stare into my eyes forever  
Let me take you in my arms  
Dance with me out in the garden  
Where tomorrow never comes  
Follow me into the darkness  
Where the nightmares never fade  
Whisper dreams my fallen angel  
From which you will never wake

Stare into my eyes forever  
Let me take you in my arms  
Dance with me out in the garden  
Where tomorrow never comes  
Follow me into the darkness  
Where the nightmares never fade  
Whisper dreams my fallen angel  
From which you will never wake

Please stay  
Please stay  
Please stay  
Please stay
