Bombshell again
we're going out of our minds
it's just this devil
he tries to bury us alive

But we're breaking out of this grave
we want to see the light
it's now or never
it's now
we'll scream and kick and fight

Devestate your stratagies
we kickback your counter attack
we've felt your evil hand upon us
we feel your heart destroyed

Now it's time for you to feel it
the wrath of all you've bled
nothings going to hold us down
we've laid the path for war
our hands upon our hearts
we swear your pure destruction
now it's time for you to feel it
the wrath of all you've bled

We swear your pure destruction

We swear your pure destruction
we swear your pure destruction
we swear your pure destruction
we swear your pure destruction
