I'm gonna start a war
Gonna rain down violence
On your door
Better not let me in

I'm gonna start a war
Got no reason
I've got no what for
Let's Let it begin

I'm gonna start the rain
Let it wash away
You had your chance
There's nothing left to say

I'm gonna send the rain
I'm gonna Let you drown
Let you reach for me
Watch you go down

You're gonna start a war
Gonna rain down violence
On my door
But now you've let me in

I'm gonna start a fire
Burn this to the ground
I'm gonna end it all
Bring the curtain down
