There's a place
I know very well
And it's somewhere
Between heaven and hell
Where the sky
Is ocean blue sometimes
But the sun can make up it's mind

There's a problem with the air
But no one seems to care
And it's far from paradise
But it's home

Here on earth
Here on earth
Here on earth (aah)
Here on earth (oh)

Time waits for no man
Don't be blind
Cause you can run
From this life
But you can't hide
There's a choice
To be made
Just be wise
Or the precious gift of life
Might pass you by

Cause we never ever know
Which way the dice will roll
And it's far from paradise
But it's our home

Here on earth (hey yeah)
It's not easy trying to live this life
Here on earth
When you trying to get by (yeah)
Here on earth
You've gotta make a difference if you wanna change
here, on earth
Here on earth (yeah yeah yeah yeah)

Tomorrow can seem like a million miles away
When you're drowning in the madness of today
There's a never-lasting struggle in the air
And it seems if is nobody even cares
But the sun must always shine after the rain
Let love be the healer for your pain

Here on earth, when we're living here on earth
When we're living on earth

Here on earth, when we're loving here on earth
When we're loving
Here on earth, when we're living here on earth
When we're living, when we're loving
On earth
Here on earth, when we're living here on earth
When we're living
Here on earth, when we're loving here on earth
When we're living, when we're loving
Here on earth, when we're living here on earth
Here on earth, here on earth, here on earth

So much pollution and destruction, people dying
because
We're abusing mother nature, and don't know where to
stop
So much destruction and confusion people dying for
what
Enough is enough, it's just got to stop
You know we have to pull together, sisters
You know we got to come together, brothers
Cause if we stand together, we'll be stronger
You know we got to learn to love each other

Here on earth, when we're living here on earth
Here on earth, when we're loving here on earth (x3)
Here on earth, here on earth, here on earth (Repeat)

Some many things are going wrong
Let's try to make them right
Oh yeah
Oh
Uh huh

It's in the air you breathe
It's in the sea
You see
It's every forest, every tree
Every beautiful sunset

Here on earth
Gotta make a difference and open your eyes
Here on earth
Just open your eyes
Here on earth
Here on earth

Here on earth, right on earth, right on earth, here on
earth yeah, here on earth
