Yeah uh
Don't break my heart
No no no no
No no no no no
Ummm

Never thought I would loose control
Never wanted to love somebody
But now I know there was no escape from loving you
Never wanted my dreams to fold
Never wanted to cry about you
Now I am all alone praying that you will call and make it
alright

So why you hurt me so bad
I give my all to you and you give nothing back

Baby don't break my heart don't break my heart
Why you wanna do me this way do me this way
Trust in you in every way why did you lie
Don't break my heart baby don't you break my heart
Why you wanna do me this way
Promise me you'll always stay don't break my heart

Remember telling me the things we do
Now you wanna go on without me
Made me believe when all along you lied to me
Watchin' me getting into you

Guess you have cause you really got me
I went ahead and did everything I said I'd never do
So why you hurt me so bad
Baby I give my all to you
And you give nothing back

Don't break my heart why you wanna do me this way
Trust in you in every way why did you lie
Don't break my heart why you wanna do me this way
Promise me you'll always stay don't break my heart
Don't break my heart baby no I'm falling apart baby
yeah

So why you hurt me so bad I give my all to you
You give nothing back nothing back
Why you hurt me baby why

Don't break my heart why you wanna do me this way
Trusted you in every way why did you lie
Don't break my heart why you wanna do me this way
Promise me you'll always stay don't break my heart

Don't break my heart why you wanna do me this way
Trusted you in every way why did you lie
Don't break my heart why you wanna do me this way
promise me you'll always stay don't break my heart
