In the beginning it was just like a dream.
I remember every word you whispered so sweet.
Your tender kisses and the love that we made.
Oh you got me on my knees I was never afraid.

You promised the world said I was your only girl baby.
(promised me the world)
You promised the world said I was your only girl baby.
(Said i was your only girl)Baby Baby

I've been told a million lies I've been left with a broken
heart.
But I still believe in love.
I've been hurt a thousand times I've been crying all the
tears in the dark.
But i still believe in love.

I've been looking for somebody whose right.
The event who will be for more than one night.
I've been lookin for the love of my life.
When you think you've found someone and live on a lie.

You promised the world said I was your only girl baby.
(promised me the world) yes you did
You promised the world said I was your only girl baby.
(Said i was your only girl) said i was your only girl Baby
Baby ooh

I've been told a million lies I've been left with a broken
heart.
But I still believe in love.
I've been hurt a thousand times I've been crying all the
tears in the dark.
But i still believe in love.

I never lost my faith in love.
I never lost my hope for a good life.
There's gotta be someone for me.
Somebody who can give me everything that i need.

Baby oh oh oh why a million lies with a broken heart.
Baby baby ooh.

I've been told a million lies I've been left with a broken
heart.
But I still believe in love.
I've been hurt a thousand times I've been crying all the
tears in the dark.
But i still believe in love. (repeat x3)
