Don't let it break you and me (x2)

Don't let it break you and me (x2)

Now the honeymoon is over
And heavy rain is a falling
And even though we're closer
There's still something missing
We used to be so much in love
But somehow the love ain't enough
To keep me and you together
Things used to be so simple
Me into you, you into me
Now I can hardly recall
A night spent blissfully
There's nothing more I can offer
Everything that I do is a problem
What are we gonna do about it
Cos this ain't right

You say yes (you say yes) and I say no (and I say no)
You say yes (you say yes) and I say no (and I say no)
Cos all of this ???????
Don't let this break you and me
I don't wanna fight let's make it right

We're running out of time
Slowly we're sinking into sand
So let's straighten it out
Cos u know that it's breaking me down

I haven't been in innocent in this
So much about is a miss
The days that we laughed together

You say yes (you say yes) and I say no (and I say no)
You say yes (you say yes) and I say no (and I say no)
Cos all of this
Don't let this break you and me
I don't wanna fight let's make it right

Though it may seem (it may feel)

We got lost along the way
Always here for you baby (I'm here for you babe)
In all honesty I see you and me
So please can we make it right

Don't it let break you and me (repeat)
Can we make it right?

You say yes (you say yes) and I say no (and I say no)
You say yes (you say yes), I say no (and I say no)

Don't it let break you and me (repeat)
