Yeah
Hey Hey Hey
Hey Hey Hey
Hey Hey Hey

We've been deep in the trenches
Aint that friendship
Its not always roses (But)
Everybody knows this
We stuck in this battle field
I know just how you feel
Standin up for us (Yeah)
Ima be a soldier

You give me hope (hope)
You give me strength (strength)
I'd give you better than I could ever give myself
Always know that (that)
I got your back (your back)
Dont matter wherever
As long as were together (we've been through too much)

We've been through too much
Time for us to group up
Come on and lets stand up now for us
This is our battle cry
Promise you that im certified
All we gotta do is stand up now for us
This is our battle cry

Hey Hey Hey-ey
Hey Hey Hey-ey
Hey Hey Hey-ey
This is our battle cry

It's so hard when the night falls
And i don't get your phone calls
Your everything to me
You heal me when these bullets go through me
And if i had to retreat
I know you'll fall back with me

And if you got problems
You already know whose going to solve 'em

You give me hope (hope)
You give me strength (strength)
I'd give you better than i could ever give myself
Always know that (that)
I got your back (your back)
Dont matter wherever

Because we'll always be together

We've been through too much
Time for us to group up
Come on and lets stand up now for us
Standing Up For Us)
This is our battle cry
Promise you that im certified
All we gotta do is stand up now for us
This is our battle cry

So when called flow, then flow this
And if you need to swim
I'ma bring a boatless floatless
Now i dont need to sound so manotnis
If you need something from me
Call me i got this
And i dont give you what you need from me
And lma be right there when I need to be

We've been through too much
Time for us to group up (C'mon)
Come on and lets stand up now for us
(As long as were together we've been through too much)
This is our battle cry
Promise you that im certified
All we gotta do is stand up now for us (Standing up for us-uss)
