Flow for a billion
swagga for a trillion
brought it all together I'll be worth a gazillion
all my dreams in my cup, oh yeah sip em up
switch my stop camelion hold it down coripian

The way I ain't with it
let it pass me than I get it
and I ride it to the top of the world

Pre Chorus:

No I ain't gonna stop now
no sign on the road, no sign on the road
my grip is short now
and the night is long, and the night is long

Sexy flame of penny year, make the star stop instead
stare the moon such position at the spot light that I

The stone I thought with it
won't you step yeah I get it
on my way to the top of the world, hey
