Yeah  
Hey hey hey  
Hey hey hey  
Hey hey hey

We've been deep in the trenches  
Ain't that friendship  
It's not always roses (but)  
Everybody knows this  
We stuck in this battle field  
I know just how you feel  
Standin' up for us (yeah)  
I'ma be a soldier

You give me hope (hope)  
You give me strength (strength)  
And I'll give you better  
Than I could ever give myself  
Always know that (that)  
I got your back (back)  
Don't matter wherever  
As long as we're together  
We've been through too much

We've been through too much  
Time for us to group up  
Come on and let's stand up now for us  
This is our battle cry  
Promise you that I'm certified  
All we gotta do is stand up now for us  
This is our battle cry

Hey hey hey  
Hey hey hey (yeah)  
Hey hey hey  
This is our battle cry

It's so hard when the night falls  
And I don't get your phone calls  
Your everything to me  
You heal me when these bullets go through me  
And if I had to retreat

I know you'll fall back with me  
And if you got problems  
You already know whose going to solve 'em

You give me hope (hope)  
You give me strength (strength)  
I'll give you better  
Better than I could ever give myself  
Always know that (that)  
I got your back (back)  
Don't matter wherever  
Because we'll always be together

We've been through too much  
Time for us to group up  
Come on and let's stand up now for us  
Standing up for us  
This is our battle cry  
Promise you that I'm certified  
All we gotta do is stand up now for us  
This is our battle cry

(Hey)

Now it's time to get focused  
I aint saying nothing man  
You already know this  
So well call this a flow this  
And if you need to swim  
I'ma bring a boatless focus  
Now I don't need to sound so monotonous  
If you need something from me  
Call me I got this  
And I'ma give you what you need from me  
And I'ma be right there when I need to be

We've been through too much  
Time for us to group up (c'mon)  
Come on and let's stand up now for us  
(As long as were together we've been through too much)  
This is our battle cry  
Promise you that I'm certified  
All we gotta do is stand up now for us (stand up for us-  
uss)  
We've been through too much  
Time for us to group up  
Come on and lets stand up now for us  
(Standin' up for us)  
This is our battle cry  
Promise you that I'm certified

All we gotta do is stand up now for us  
This is our battle cry

Hey hey hey (this is our battle cry)  
Hey hey hey  
Hey hey hey  
This is our battle cry
