I Don't Wanna Be Friends With You

You loved me and now you wanna leave me  
Think too much of me to deceive me  
Say you wanna go while we're still friends  
But I believe in the bitter end  
If you don't love me anymore  
Just tell me you don't want to know  
But I don't wanna be civilised  
You leave me and I'll scratch your eyes out

I don't wanna be friends with you  
I will never be friends with you

Honey, I will not lie to you  
Honey, I would have died for you  
But I could never be friends with you  
I will never be friends with you

You come and tell me "it's the end"  
Do you think that I care if we're still friends  
You mess me round and break my heart  
What do you want with a friend like that?

I will never be friends with you  
I will never be friends with you

Say you wanna leave while you still like me  
Is this what you do to people you like?  
Say you wanna leave with no hard feelings  
With friendslike you I couldn't sleep at night

I'll never be friends with you  
Don't wanna be friends with you  
I'll never be friends with you  
I'll never be friends with you...
