I walk the streets alone at night
A shadow in the city light
I didn't know that love could hurt
How little broken hearts are worth

All that we had gone forever
Things that we said it will never be
Livin' without you don't bother me

If there's a tear in my eye
It's not for you
Don't flatter yourself
If there's a tear in my eye
It's not for you

We crossed our hearts and hoped to die
We swore that we would never lie
But love just slipped away somehow
Baby, it's all over now

All that we had gone forever
Things that we said it will never be
Livin' without you don't bother me

If there's a tear in my eye
It's not for you
Don't flatter yourself
If there's a tear in my eye
It's not for you

You seemed so innocent, you had me blinded
What good is all your beauty, there's nothing behind it

(Solo)

If there's a tear in my eye
It's not for you
Don't flatter yourself
If there's a tear in my eye
It's not for you

Lock the door and cut the lights

I won't be coming home tonight
