Hello, how's it going?
You come to me in open arms

I hold you close to me
On my shoulder you start to cry

And ohhhhh, I know
All in all, here we are now

And ohhhhh, I know
All in all, here we are now

Lying next to you, we watch the sky
You asked why I left you, I tell you a lie

I'm so sick of my pride
Why can't I
Show the me
Bottled up inside?

Hold my hand,
By your side,
Through the darkness we'll find the light
Hold my hand by your side

Hold my hand,
By your side,
Through the darkness we'll find the light
Hold my hand by your side

Everything will be alright

And ohhhhh, I know
All in all, here we are now
