I hope you know
This won't work
Stop it all
I'm in love
With a girl
Everyone knows
As my friend
This won't end

Another day
Spent wondering

Another day
Spent wondering

You're a
Fish out of the water
Have you lost your head?
So take this life and
Put it together -
Grasp my hand

Say goodbye
To the normal life

You're a
Fish out of the water
Have you lost your head?
So take this life and
Put it together -
Grasp my hand

Another day
Spent wondering

Another day
Spent wondering

(Once again)
(Once again)
(Once again)
(Once again)

You're a
Fish out of the water
Have you lost your -

You're a
Fish out of the water
Have you lost your head?
So take this life and
Put it together -
Grasp my hand

You're a
Fish out of the water
(Have you lost your head?)
You're a
Fish out of the water
Once again

No
This won't work
Stop it all
I'm in love
With a girl
Everyone knows
As my friend
This won't end
