This is Redbird to Mission Control, we're coming in for a  
crash landing - over

Down, down, down  
(Down, down, down)  
I fall farther for you,  
Crashing, landing,  
Six feet, still up, and still standing

I don't know what's going on  
I don't know what to do  
My struggle to hold on  
I'll sacrifice for you

Why don't you understand  
That I'm no more than a man?  
I've got my limits and my ends  
I knew you couldn't have known them

Why don't you understand  
That I'm no more than a man?  
I've got my limits and my ends  
I knew you couldn't have known them

Crash landing!

I'll follow you till the end  
Just to show you that I care  
And I am suddenly aware  
That if I fall, then you're not there

I'll follow you till the end  
Just to show you that I care  
And I am suddenly aware  
That if I fall, then you're not there
