Can't believe you'd try to pull that one on me
Tryin'a keep it cool in my mind
But you're such a fucking drama queen

Chill out,
Shut up,
I've had,
Enough

Why do you have to fake it?

Oh please,
I'm done with these
Lies that you make yourself believe

I'm hangin'
I'm hangin' on
Stop tryin' to act right
When you're wrong

Keep movin'
Keep movin' on

I'm hangin'
I'm hangin' on
Stop tryin' to act right
When you're wrong

Keep movin'
Keep movin' on

Can we please take the time to make it better?
Put the pieces back together?
Say something besides "Whatever"

Chill out,
Shut up,
I've had,
Enough

Why do you have to fake it?

Oh please,
I'm done with these
Lies that you make yourself believe

I'm hangin'
I'm hangin' on
Stop tryin' to act right
When you're wrong

Keep movin'
Keep movin' on

I'm hangin'
I'm hangin' on
Stop tryin' to act right
When you're wrong

Keep movin'
Keep movin' on

Woo!

Yeah!

I'm hangin'
I'm hangin' on
Stop tryin' to act right
When you're wrong

Keep movin'
Keep movin' on

I'm hangin'
I'm hangin' on
Stop tryin' to act right
When you're wrong

Keep movin'
Keep movin' on

I'm hangin' on
Keep movin' on
