With the will of a lost soul
And the hope for one last chance -
It's too much to let go
(To much to let go!)

He stopped and sighed again
As everyone looked down on him
Deep inside, the pain remained
As they asked, he can't explain

How she meant this much to him
Thinking back and wondering
Will she hear these words I scream?
Will she hear me say

With the will of a lost soul
And the hope for one last chance -
It's too much to let go

Please just remember
That we did this together -
It's too much to let go

So let's wash the pain away
Because it's driving me insane
Holding to these thoughts too tight
My messed up mind will get it right

And I'll scream for what is real
These walls can't lock out how I feel
You'll never go away
That's all I have to say

Time goes on so slowly
In this room they hold me
Shake it off, blink your eyes
Darkness dwells, while I must rise

Hear me now, I've seen the light
I vow to change myself tonight

With the will of a lost soul

And the hope for one last chance -
It's too much to let go

Please just remember
How we did this together -
It's too much to let go

So lets wash the pain away
Because it's driving me insane
Holding to these thoughts too tight
My messed up mind will get it right

And I'll scream for what is real
These walls can't lock out how I feel
You'll never go away
That's all I have to say

Help me
Save me
This shit has gone too crazy

Help me
Save me
This shit has gone too crazy

Help me
Save me
This shit has gone too crazy

Help me
Save me
This shit has GONE TOO CRAZY

With the will of a lost soul
And the hope for one last chance -
It's too much to let go
(Too much, too much to let go)

Please just remember
How we did this together -
It's too much to let go

So lets wash the pain away
Because it's driving me insane
Holding to these thoughts too tight
My messed up mind will get it right

And I'll scream for what is real
These walls can't lock out how I feel
You'll never go away
That's all I have to say

I'll close my eyes
And turn away
Will tomorrow be a better day?

I'll close my eyes
And turn away
Will tomorrow be a better day?
