Well you're the grand wild  
Have you noticed  
When you walk in all the fairy boys are  
Pale and nervous  
Well my starship doesn't want me  
And neither does his world  
I'm glad I caught you on my  
View screen, Sailor

You're the grand Wilde  
Come and court me  
'Cause this wooing  
Is what I'm wanting  
When my spacesuit comes to warm me  
And hold me like a god  
I am the captain of the gravity, Maxwell  
Everywhere I see your faces

Hot One  
From the starship over Venus  
To the Sun  
But, it's a crime!  
You're mistaken!  
A momentary seizure...of love  
Oh, love

Well you're the grand wild  
But Darling, I'm a mess I've got to  
Humanize my wrinkled form  
But the boys are not impressed  
When my spaceship comes to orbit  
Just hold me like a girl  
I'll be the captain of the gravity, Maxwell  
I see your faces in the strangest places

Hot One  
From the starship over Venus  
To the Sun  
But, it's a crime!  
You're mistaken!  
Momentary seizure...of love

Oh, love

Hot One

From the starship over Venus

To the Sun

But, it's a drag!

You're so mean,

Destroying my belief in, in love

Oh, love.
